De feedback:

Hi. The concept looks great! Congratulations! I would just really appreciate if the load/unload parking space would not be [REDACTED] [REDACTED] it is very, very noisy in the early hours of the morning and late at night, and wakes me up every day [REDACTED]. This is because the [REDACTED] dispose of their glass bottles there every day, very early. Also, their delivery truck parks there every morning and makes a lot of noise. On the other hand, at late night, the taxis use this parking as a waiting spot and pick up noisy people from the Marieheinekenplein. I have endured this for years so it would only be fair that from now on somebody else does. Thank you in advance for considering this. Best regards. [REDACTED]
