

Timeline diagram showing the distribution of 20,000 units over 10 years. The timeline is divided into 10 equal segments. The values for each segment are: 4935, 6800, 3520, 3275, 1100, and 37. The total value is 20,000.

Figure 1 is a timeline diagram showing the duration of the study. The timeline starts at 0 and ends at 37. Key time points are marked with vertical lines and labeled with values: 4935, 2300, 4500, 3520, 3275, 1100, and 37. A horizontal double-headed arrow indicates a duration of 6800 from the first tick to the fourth. Another horizontal double-headed arrow indicates a duration of 20000 from the second tick to the seventh.
