On the basis of such consultations, the Minister may give further written instructions regarding the implementation of the activity plan.

The other party must take account of the fact that the Government of the Netherlands may be held responsible under international law for the implementation of the activity plan. With this in mind, the other party must refrain from supporting activities whose aim is to undermine the political autonomy of a state or to bring down a lawful government by unlawful means. What is lawful or unlawful will be determined not only by the views of the government of the country in question, but also in accordance with international (or international law) standards.

15. All items procured from the Minister's contribution must be assigned to a relevant purpose at the end of the activity. The other party must submit proposals on this matter to the Minister for approval and must account for the use of the items in its final report.
16. The Minister reserves the right to reduce or prematurely terminate the funding for this activity, suspend the transfer of instalments or demand repayment of all or part of the funds already transferred if the other party fails to fulfil its obligations under this agreement, or fails to fulfil them on time, or uses the resources for a purpose other than that for which the Minister made them available, or if a third party has provided cofinancing for the same activities without the Minister's prior knowledge, the consequences of which for the budget have not been approved. The Minister will reduce or prematurely terminate his contribution only after consultation with the other party, after which the account will be settled on the basis of the costs incurred and taking into account any financial commitments reasonably entered into for the future.

Audit protocol for Union of Agricultural Work Committees (UAWC)

Appendix III accompanying the contract with number RAM0117024

1. Introduction

This audit protocol must be followed in auditing the annual financial statement concerning the contribution for the activity with number 25565.

This audit protocol sets out the applicable audit principles and requirements, and explains how the audit findings must be reported.

The auditor will be engaged by contribution recipient Union of Agricultural Work Committees (UAWC). The Minister may request that a review be conducted, in mutual consultation, to assess whether the external auditor has complied with the audit protocol.

2. Audit subject

The audit subjects are:

1. the recipient's financial statement for the applicable year, including the income and expenditures of the other consortia members and solely for the minister's contribution;
2. the processes and records, listed under 3.2, on which these documents are based;

3. Audit scope

Re 1.

The audit should be carried out in accordance with generally accepted auditing standards (ISA), for a cash based system.

In auditing the financial statement, the auditor will assess regularity and whether the applicable requirements have been satisfied. The auditor must establish the completeness and accuracy of all receipts and expenditures, and that they derive logically from and are in line with the activity referred to under paragraph 1 of this protocol.

The auditor must observe a minimum level of reliability of 95% and a permitted tolerance of 1%.

The audit opinion will be drawn up in accordance with the model in paragraph 4 of this protocol.

Re 2.

With regard to the organisation's processes and records, the auditor must establish that:

- the contribution recipient has an effective administrative organisation with a system of internal control measures (AO/IB), providing reasonable assurance of:
 - compliance with legislation on, for instance, remittance of salaries tax, social insurance contributions and value added tax, and procurement;
 - proper accounting and reporting;
- the contribution recipient has, and acts in accordance with, a sound internal policy on implementing organisations or partners, which includes provisions on:
 - assessing the management capacity of these organisations or partners;
 - sanctions to be imposed on organisations or partners should they fail to comply with their obligations.

The auditor should request a letter of representation from the contribution recipient's management stating that, to the best of their knowledge, the financial statement encompasses all transactions and receipts, is accurate and complete in every respect and that all contribution conditions, including those beyond the scope of the audit, have been met. In the letter of representation, management should specifically confirm that they have complied with article 12 of the contribution agreement, which states that: 'the parties will not offer to third parties or seek or accept from or be promised by third parties, for themselves or for any other party, any gift, remuneration, compensation or benefit of any kind whatsoever, which could be interpreted as an illegal or corrupt practice.'

If, in the course of the audit, the auditor finds evidence of illegal or corrupt practice, he or she must act in accordance with the COS 240 guideline on fraud.

Although the auditor does not give an opinion on the narrative part of the annual report, he should ascertain by means of a limited review that the narrative and financial sections of the report are in agreement and contain no contradictions.

4. Reporting

The audit opinion should in any event include the aim and scope of the audit, the audit criteria applied, where relevant, and any restrictions imposed on the scope of the audit.

Furthermore the auditor will write a report of findings regarding the evaluation of the administrative organisation and internal control structure of the contribution recipient, identifying any matters worthy of mention, including any material shortcomings in the internal control system.

An unqualified audit opinion must be worded as follows:

'We have audited the financial statement of ... at ... for the period from ... to The financial statement is the responsibility of the management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and with due regard for the audit protocol. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes an assessment of the accounting principles used and significant estimates made by management, as well as an evaluation of the overall financial statement presentation and of the risks of material differences as a result of fraud. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement gives a correct and complete view of all receipts and expenditure.

The auditor will make separate mention, in the report of findings, of any material deviation from the requirements included in this protocol. This includes information which the auditor can reasonably suspect to be relevant to the grant provider in finalising the grant award.
