Hi,

I wanted to keep you in the loop. My 10 2 a colleague 10 2 e called me this morning to ask about the Netherlands position on cost-saving reforms for UNRWA. I said that we expect UNRWA to come up with a proposal and that in light of the unprecedented financial emergency, there is a need to think outside the box and not limit ourselves to the Medium Term Strategy that is now obsolete.

UNRWA's position is that it cannot introduce any more reforms and that it is busy trying to find a way out of the current predicament and cannot do any long-term planning.

If you have any other thoughts, I would be happy to send them to my 10 2 a colleague.

Regards,
