Dear all,

Please find the updated program enclosed. I'll be at the ArenA around 9:00H / 9:30H this Monday. Please check the program before you share it with the delegation. In this version, I also added a few notes like the fire drill. I'm not sure if this is crucial information for the delegation but it might be useful for you to know.

Furthermore I send you the company profiles of the participants on Monday and Tuesday. As you can see, I still included [REDACTED] but as you know they still haven't confirmed their participation.

With kind regards,
[REDACTED]

Dear [REDACTED]

It will be great then to identify the number of companies that will attend the 1st day. Therefore we can shorten the program on the 1st day by starting 10:30 or 11:00 am instead of 10:00 am.

[REDACTED] mening 11/1

Great that [REDACTED] confirmed being a key note speaker, still I didn't receive yet a reply from [REDACTED], I will follow up with [REDACTED] after the weekend.

Finally I suggest to organize a call on Tuesday to discuss the final details of the program, I will send you few convenient time slots for a call on Sunday.

Dear [REDACTED]

Thank you for your e-mail and update about the program.

Like discussed yesterday, our concern is that most companies are not able (or willing) to attend the program for both days. The companies will probably prefer the program on Tuesday instead of the seminar on Monday.

Finally, I also spoke to [REDACTED] and he's pleased to give a presentation on Monday during the seminar.

Dear [REDACTED]

Kindly find below a draft schedule for the back to back meetings with Dutch companies. The Qatari delegation will split into two teams to meet Dutch companies in parallel. Each meeting will be 20 minutes, this is the only way to meet all participants. Please inform the companies representatives to arrive 15 minutes earlier to the schedule.

As discussed we scheduled all the meetings for PIB members during the morning time of Tuesday 24th as they must be present for the lunch, the afternoon part will be for non PIB members. The day will be concluded with a joint meeting between the delegation, myself, [REDACTED] and you to discuss the outcome of the back to back meetings and required follow up. Please feel free to change the companies allocated slot of time.

Dear [REDACTED]

Thank you for the input. A call at 2:00 pm will be difficult for me since I have another meeting, but 2:30 pm (Dutch time) will be fine. Please let me know if that's okay?

See my remarks below:

- **Regarding the delegation:** thank you for the list. It's a pity that Supreme Committee probably won't be part of the delegation, since this is an interesting stakeholder for most companies.
- **Football match:** that's fine, we won't attend the match anyway.
- **Pitch:** we'll inform all the companies that they have 30 seconds max, but we'll tell them it's an introduction (name, company and a few words of the business their in) instead of a pitch.
- **Program Tuesday:** Okay, lunch is fine, thank you! I'll inform the PIB members.
- **Keynote speakers:** [REDACTED] and [REDACTED] are fine, we'll contact [REDACTED] about it.
- **Seminar:** Okay, I'll forward the times to the participants as well. It would be good if [REDACTED] or someone from the embassy will be there for the official opening. Will someone from RVO or the embassy present the event as well and announce the speakers, et cetera?

Best regards,

Dear [redacted]

Thank you for the below email and sharing the updated profiles of Dutch companies. I forwarded this latest version to the Qatari delegation, I removed [redacted] from the list of profiles as it's not a target company, but certainly they are more than welcome to attend the first day.

Kindly find below respective answers in red color to your questions. †

It's a super busy period at the Embassy as we are expecting a high level Dutch Ministerial visit to Doha end of this week. Therefore it will be difficult to organize a joint call this week. However, I suggest to organize a call with [redacted] and later we can brief [redacted] and [redacted] by email. I can call this week on Thursday afternoon Dutch time, preferably around 2:00 pm.

It will be great if you can update the program according to the shared comments and clarifications from [redacted]

Please let me know if you have any clarifications.

Subject: RE: PIB programma manager

Dear all,

Please see the updated profiles enclosed. As you can see, Qatar Airways will also attend the seminar. [redacted]

Furthermore, I'll share a few points we discussed, including some additional questions:

- Please let us know when you have a list of the Qatari delegation (names, job title and company).

- [redacted]
- [redacted]
- [redacted]
- [redacted]

As discussed before no one will be present from Qatar Development Bank and they are still checking who will join from the supreme committee for delivery and legacy. [redacted]

- I'll already cancelled the tickets for the football match.

Ok thanks, [redacted] informed me that they prefer the Embassy to be involved in all meetings and side events, so far I didn't receive any official invitation for the dinner or the game on Wednesday.

- The program on Monday and Tuesday at the Johan Cruijff ArenA is confirmed and [redacted] will follow this up with the ArenA and RVO. Ok great and thank you for arranging the reservation at Johan Cruijff ArenA.
- We'll ask the Dutch companies to prepare a 30-second pitch and 1 slide. We can add the slides in one presentation and we'll manage the presentation to make sure everyone sticks to the time. We recommend to send a formal message to all the attendees to inform them about the pitch's length, 30 seconds maximum.
- Since a dinner or a football match is not possible for the PIB-members, I hereby would like to share two more suggestions:
 - Invite PIB-members for a lunch on Tuesday. We are in favour of this option. The delegation will have to eat lunch too so it will not take up too much of their time, I checked with [redacted] and they are fine. Please check regarding the financials with [redacted]. A lunch from 12:30 till 02:00 pm should be fine.
 - Invite the PIB-members for the tour at the Innovation Center as well (we can ask this directly to [redacted]). We would recommend this tour to be private, the delegation, OSF [redacted] & [redacted] and the Embassy without the PIB-members. Must probably this tour will be used to discuss some of the ongoing conversations so allowing this to be private may be better. [redacted] is asking to make the tour from 2:00 till 4:00 pm (see 1st day program in the last comment)
 - If we can confirm one of the above options, we can give the PIB members something extra compared to other participants, which will keep them motivated and enthusiastic.
- For the meetings on Tuesday, we can help coordinating it. But of course it's first up to them which companies they would like to meet. Agree. [redacted] insured that he will reach out to the companies to discuss their intentions and establish a communication before their trip, in all cases the delegation will meet all Dutch companies that signed up for this event on Tuesday. [redacted] will send us a schedule for the meetings this week, and then we can circulate it with companies to book their calendars. They will split the delegation in 2 teams and in parallel they will meet up to 3 companies in one hour, so one day should be fine to meet all companies. Wednesday will be a free day for follow up meetings, also they might meet [redacted] and [redacted] for different topics.
- We also need to make a decision about the keynote speakers and invite them. Please let us know which one you prefer and who is going to contact him/her. We prefer [redacted] since they just won a tender in Qatar, [redacted] is great as well but we need more commercial than academic speakers. Since [redacted] proposed [redacted] I will reach out to them to check their availability. We can easily have 2 speakers, 5 minutes per presentation would be more than enough. Since we have the names of the Qatari delegation we will invite our counterparts at the Qatari Embassy in the Netherlands. I will check with [redacted] if she attend the Seminar and the lunch on Monday 23rd of September.
- Is the time schedule for the seminar also confirmed (start at 10:00 AM)? If so, we can confirm it to the Dutch participants as well. 10 am seems a good time to start. The first part will be from 10:00 till 12:00 pm Seminar (registration, opening, Qatar delegation presentation, Dutch companies presentation, speakers, and Q&A), then 12:00 till 02:00 pm networking lunch and from 02:00 till 04:00 pm Tour and presentation at the innovation centre.

Thank you!

Best regards,

Dear [redacted]

Thank you for this positive update! I can also mention that the venues for the first 2 days can be paid of PIB budget (in case reasonable of course). As soon as I get the proposal, I can ask my colleague to contact them and book the venues.

I have another question, at 27th of September in the afternoon we organize together with Ministry of Foreign Affairs a business event concerning the Gulf region. We would like to have a company (with relevant experience in the region) for the panel discussion. I think it would be very good for the visibility of the cluster to have someone from the cluster in the panel discussion, could you please let me know by Tuesday latest if you can find someone available for the panel discussion?

Thanks a lot!

Thank you for your e-mail. [REDACTED]

A call sounds like a good plan. When we receive the first feedback from the Qatari at the end of Augustus, it will be very close to the incoming visit from Qatar in September, so there's a lot of time pressure in organising this visit. Dutch participants are asking me for more information almost every day, so it would be good to give them an update at least one month in advance of the mission. Besides that, we (OSF and RVO) need to make reservations for meeting rooms, transport, etc.

I'm not sure if you have access to [REDACTED] agenda, but I'm available for a call on Thursday 15th of August, or in the week after (19 August – 22 August). Since I just returned from my holidays, I'm still quite flexible regarding my agenda.

Let me answer for [redacted] who is enjoying a well-earned vacation until the 14th. As far as I am concerned – I just started working at the embassy Doha so I am not fully looped in yet – we have not gotten a reply from the Qatari counterparts about the program.

This Thursday the government will shut down for about two weeks due to Eid (Offerfeest) so I think we won't be able to connect with the Qatari delegation until the last week of August.

I suggest we plan a VC when [redacted] has returned from vacation to discuss where things stand and how to proceed. Does that work?

Hope the mission to China was fruitful!

This week works better for me, otherwise Monday 3 June is also an option, the Embassy will be closed next week during Ramadan Eid for 2 days on Wednesday and Thursday.

@ [REDACTED] Kindly advise you preference for a call between tomorrow, Wednesday and next Monday.

In addition to the call we can meet at RVO on Monday 8th of July to discuss the annual plan and preparations for the mission. Please advise if it suits to meet at 11:00 am Dutch time.

Dear [REDACTED]

Thanks for your email!

The dates for the visit are fine. This week we can only set up a call on Tuesday (28 May) or Wednesday (29 May), but next week Monday (3 June), Wednesday (5 June), Thursday (6 June) and Friday (7 June) we'll be able for a call as well. Please let us know what date and time you prefer to schedule a call.

We've organized several incoming missions to the Netherlands in the past, but since RVO, the Embassy in Doha and the PIB are also involved, it's good to discuss the agenda for the visit, responsibilities, tasks (who is doing what), et cetera. So this call will be a good start.

The goal of their visit seems to be very interesting for the PIB delegation and other OSF-members, so we're looking forward to the visit!

Dear [REDACTED] and [REDACTED]

[REDACTED] at Aspire advised after consulting other involved partners for Sports accelerator, confirmed that the week of the 22nd of September is convenient for an outgoing mission to the Netherlands. Also that week is suitable for the Embassy as we will have another 2 events in the Netherlands on the 26 and 27 of September. Hope the proposed dates are suitable for OSF.

The mission will arrive on Sunday 22 of September, the event will start on Monday 23 and last until Wednesday 24. The first day will start with a seminar/roundtable discussion on Monday morning with interested Dutch companies, Qatari delegation will pitch about the concept of Sports accelerator, the 2nd and 3rd days will be for back to back meetings with involved companies.

OSF can prepare a draft announcement or invitation and a program to be discussed with the Embassy and RVO. Aspire reassured the objective of this event to meet Dutch companies generally having a strategic vision to internationally expand and specifically interested in having a presence in Qatar.

I know you are busy with China mission preparations, please let me know a suitable date for a video call at your earliest convenience. Also I will be in the Netherlands beginning of July, maybe we can arrange a meeting with [REDACTED] at RVO on the 8th of July to discuss the annual plan and mission preparations.

Dear [redacted]

I totally agree with what [redacted] and [redacted] have shared with us today and yesterday.

May I kindly remind you that we first need an annual action plan for 2019, where you can make an estimation of activities and actions that need to be taken within the frame of the PIB, with a clear timeline? This action plan needs to be in a form of a Word document. The Embassy and I can give you feedback and input for this action plan once we have received it from you. Having an action plan makes the expectations clear towards everybody and gives a clear overview of what should and could be done this year.

Can we expect your annual action plan for 2019 latest next Tuesday 21st of May? You can start from the date the covenant was signed and write down all the necessary actions that you expect until 2020. Please do not forget the Holland Branding procedure in that action plan.

Thanks a lot!

Dear all,

bedrijfs- en fabricagegegevens 10/11

[redacted] Taking that into consideration and the tight time for responding and preparing from the Qatari side (period between 30 May and 11 June will be totally dead period due to last days of Ramadan and Eid), they clearly stated a high preference to move the mission for end of September. This will give us more time for preparation and insure a high quality mission. We can confirm the days in September from now and start announcing about the mission.

From the Embassy's perspective I recommend an outgoing mission to the Netherlands end of September (back to back with Road to the Gulf) and an incoming mission Q1 2020. Also we should a good balance for the activities planned under the PIB, next Year Ramadan and summer break will be longer than this year (end of April till September), therefore it's better to have an incoming mission to Qatar in the first half of 2020, rather than having it end of 2019.

Dear all,

It is up to Aspire to decide when they plan to visit the Netherlands. Based on what I hear from [redacted] they may struggle to get organized on their end for a June visit due to Ramadan, Eid and the trip to New York.

A visit in September will offer all parties involved a little more time to develop an excellent program and line up stakeholders from the Dutch government. [redacted]

[redacted] persoonlijke beleidsopvatting 11/1

I understand [redacted] wish to continue the momentum on the PIB. We all do. I also get the constraints the embassy is under, in light of the search for a new ambassador and deputy head of mission. An ambassador won't be able to carry out all duties until presenting his/her credentials while a new deputy will have to adapt to the job before being able to implement numerous economic missions.

This touches on the importance of quality. We want to make sure we can offer as good a program if not better than in March. This requires enough resources, which currently are in short supply. We also still don't know if Qatari stakeholders could host us during the World Cup Athletics.

Maybe December could be an option for the PIB's first outgoing mission. This way you would have a good buildup of activities – the mission to Doha late March, Aspire's visit to the NL in September and the first outgoing PIB mission in December or early 2020.

[redacted] inschatting 11/1

Dear all,

bedrijfs- en fabricagegegevens 10/11

[redacted] Yesterday I spoke with [redacted] from Aspire and the conclusion of our discussion was the following: for the time being we have 2 options on the table to either organize the mission during June or after mid of September, both scenarios have their advantages and disadvantages.

The main advantage to organize a mission during June is to keep the relations warm with both Dutch and Qatari sides. However, it will be tight in preparations including arranging needed visas for Qataris in the remaining 4 weeks; another risk related to the preparations from the Qatari side is represented by the Eid period which will be a break for around 10 days just before the mission and people from Aspire are traveling to New York for a business trip end

of this week for 10 days; and it might be risky as well not to receive all the Qataris because of Ramadan, Eid and Summer. Also to consider that the profiles of expected Qataris to join the mission require to mobilize a high level representative from the Dutch Ministry.

Organizing the mission during September will give us more time for preparations, but the challenges will be to prepare the mission during summer break and having the mission at the beginning of the new Embassy's management posts (Ambassador and Deputy head of mission), although it might be a good introductory activity for the new deputy head of mission to meet all the Qataris and Dutch sports stakeholders in one go.

I discussed the sports mission with colleagues at the Embassy we don't see a possibility to organize a standalone sports mission during October. I spoke with Task force healthcare regarding a joint health mission during October, I didn't receive an answer yet, as they are busy with the health exhibition in China.

Please share with me your thoughts!

Dear [REDACTED] & [REDACTED]

[REDACTED]

Through these activities, the Sport Accelerator will increase the share of the sports sector in Qatar's economy, in support of Qatar National Vision 2030.

So far 15 international companies joined this sport business hub, they aim to have a total of 70 business sports companies. Selected companies will be all located within Aspire zone in one building and they will receive lot of incentives (low rental cost, 100% ownership; etc.) and business sport from Aspire. The supreme committee for delivery and legacy, Qatar development bank and Qatar financial center are partners in this program.

Sports Accelerator program aim to attract companies in the following sports area:

- Event management & promotion
- Sports development
- Sports organizations & associations
- Venue operations & maintenance
- Sports goods & equipment manufacturers
- Sports commercialization
- Sports tourism
- Clubs, federations & leagues
- Sports consultancy & legal
- Sports medicine & research
- Any other activities surrounding the sport industry

I discussed the mission with [REDACTED] at Aspire zone, managing the Sports accelerator program. Kindly find below information about the expected mission:

10/10
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

They proposed the following program: arrival on Sunday 16 June, start with a seminar/roundtable discussion on Monday morning with a group of at least 30 companies to pitch about the concept of Sports accelerator, followed by back to back meetings on Monday afternoon, Tuesday all day, and maybe Wednesday morning time before going to the airport. They need to receive the profile and contact details of all participants at least 15 days in advance to start communicating and scheduling the one to one meetings with each company.

The coming delegation will cover all their travel costs, they need only from us to recruit Dutch sports companies, book a venue for the seminar and if possible for meetings, otherwise they can arrange back to back meetings at the hotel lobby depends where they are staying. I highly recommend to have all the meetings in one place not at the Hotel. Therefore venue cost and my travel expenses will be covered from the PIB budget, I will discuss this further with [REDACTED]

Kindly advise if Monday 10:00 am Dutch time is suitable for a call to discuss the mission's preparation.

Beste [REDACTED]

Gisteren hebben wij telefonisch besproken:

- Maandag 23 september zal er een ontruimingsoefening zijn. Deze start om 14:00 uur. Let op: er zal een alarm op een hoog volume waardoor het moeilijk is om op dit moment te communiceren.
Julie worden vriendelijk verzocht in de Rome te blijven en zullen rond 14:30 uur worden opgehaald en begeleid worden naar het innovatiecentrum.
- Dinsdag 24 september is er een locatiewijziging. Wij hebben de Madrid voor jullie geboekt i.p.v. de Straatsburg, i.v.m. de opbouw naar een wedstrijdsetting voor de wedstrijd van woensdag 25 september.

Daarnaast heb ik nog een aantal vragen:

- Wat is het programma (inclusief pauzes)?
- Is er naast het standaard AV pakket, nog extra techniek nodig?
- Wat is het exacte aantal op de maandag en wat is het exacte aantal op de dinsdag?
- Van [REDACTED] begreep ik dat er halal (geen varkensvlees) dieetwensen zijn, is dit voor alle gasten? En zijn er nog andere dieetwensen?
- A la carte lunchen (warm) in brasserie Ajax is helaas niet mogelijk voor grote groepen. Ik verwacht van de cateraar nog de andere mogelijkheden, bijvoorbeeld een buffet of keuze menu.

Mocht je verder nog vragen hebben dan ben ik bereikbaar per mail en op onderstaand telefoonnummer.
