Onderwerp: RE: Force Majeure regarding Covid-19
Urgentie: Hoog

Dear Sirs,

Up until today, I did not receive any reaction to my letter from April 14th. As I have explained, in order to make a successful appeal to force majeure, more specific information is necessary.

With kind regards,

Subject: URGENT: status bericht vanuit Canada

Beste

Zie onderstaande bericht vanuit Canada, we moeten nu toch ernstig rekening houden dat er een stilstand gaat komen, dit moeten we woensdag 1 april maar bespreken welke alternatieven we gaan bekijken en bewandelen samen. Ik heb morgen en maandag contact met over onderstaande en stuur dan maandag een update over de bouw van de test modellen en de transport mogelijkheden.

I am overwhelmed here at the moment dealing with Covid-19 and trying to convince suppliers etc to remain open. Our government put a lock down of all non-essential businesses effective yesterday and I am working through how we are going to be affected. My team is working on everything you need per their responses and you have my response on the other tasks. If anything specific I owe you, please let me know and I can make sure we are dealing with it. I also have Art. 10 (2) (e) he is not in the office.

Sorry but things are getting crazier by the day here and I suspect it is only going to get worse.

Met vriendelijke groet,

With kind regards,
