Contractor shall indemnify and save harmless The Netherlands and its officers, agents, employees, and servants from all claims, suits, or actions of every name, kind, and description resulting from this Agreement, the performance of any Services required of Contractor under this Agreement, or payments made pursuant to this Agreement brought for, or on account of, any of the following:

The Netherlands and its officers, agents, employees, and servants shall be named as additional insured on any such policies of insurance, which shall also contain a provision that (a) the insurance afforded thereby to The Netherlands and its officers, agents, employees, and servants shall be primary insurance to the full limits of liability of the policy and (b) if The Netherlands or its officers, agents, employees, and servants have other insurance against the loss covered by such a policy, such other insurance shall be excess insurance only.

In the event of the breach of any provision of this Section, or in the event any notice is received which indicates any required insurance coverage will be diminished or canceled, The Netherlands, at its option, may, notwithstanding any other provision of this Agreement to the contrary, immediately declare a material breach of this Agreement and suspend all further work and payment pursuant to this Agreement.
